

Referees Registered More Than Two Years Ago

Hello Former Referee,

If your US Soccer Referee Registration has lapsed for two years or more, the Wisconsin State Referee Committee requires you to complete a New Grassroots Course to bring your registration current.

Because you are a previously registered referee, a US Soccer Learning Center Account has been created for you already.

1. Please follow steps 1-4 in the "Referees Registered Last Year" document.
2. You must register for and successfully complete a "Grassroots - First-time Referees" course.
